

7000 FLYBRIDGE

WHITEHAVEN

MOTOR YACHTS

your journey. your whitehaven.

**CUSTOMISE. PERSONALISE.
IT'S YOUR JOURNEY, MAKE IT A WHITEHAVEN.**

At Whitehaven, we put you and your experience at the heart of the design process. Being a truly bespoke boat builder we can offer an exceptional level of customization in our class. Every Whitehaven is unique, just like their owners, so let us guide you through the journey of creating your ultimate luxury entertainers motor yacht.

**CLASS LEADING INNOVATIVE DESIGN TAKING
THE FLYBRIDGE MARKET TO NEW HEIGHTS**

Elegant, and engineered to impress, the Whitehaven 7000 Flybridge is every inch a covetable new-era motor yacht that takes the flybridge concept to the next level. Equally at home in open bluewater as a calm sunset anchorage, the 7000 flybridge offers the perfect balance of engineering for performance and master craftsmanship for luxury aboard.

EXTERIOR STYLING

From her striking external styling and statement glazing in the hull, to the spacious interior, European-inspired décor and world-class finishes, the 7000 Flybridge surpasses expectations. The Whitehaven 7000 flybridge offers a European inspired cockpit design that delivers tender storage beneath, an abundance of entertaining space above and a seamless flow to the interior. This alfresco area comes complete with barbeque, sink, fridge/freezer as well as generous lounge/dining space.

INTERIOR LIFESTYLE

The brilliantly designed saloon boasts a freestanding dining table for eight, lounge area, TV and large panoramic windows throughout. The exceptionally appointed aft galley, with full-size appliances, flows out to the spacious entertainer's cockpit. Beautifully hewn timber stairs lead to the flybridge. Much more than a helm – though it certainly is a plush and high-tech skipper's station.

FLYBRIDGE LIVING

The flybridge on the 7000 has been designed as an additional living and socialising space, complete with lounge and a pleasant aft deck with seating, table, sink and storage. An angler's or sun lover's delight, from here you can see for miles and enjoy the ambience and aspect a flybridge model provides.

BELOW DECK

Below decks, accommodation is equally impressive. The full beam master stateroom and adjoining ensuite create a veritable 'oasis at sea', with every luxury owners could envisage – completely customised to your preferences. Generously sized guest cabins ensure your family and friends enjoy an exceptional overnight or extended stay. A fourth cabin is an additional storage or butler's pantry, created specifically for this model and perfect for provisions and gear for long-range cruising.

Optional High Bulwark

Standard Bulwark

Engines	MAN V8 16.0 LTR. D2868 LE-436 1300mhp with Twindisc or ZF Gearboxes
Length Overall	21.95m / 72'2"
Beam	5.80m / 19'0"
Maximum Draft (approx)	1.67m / 5'6"
Sleeping Capacity	6-8 persons
Fuel Capacity (approx)	7,000 litres
